Transmission systems
Steering systems
Suspension systems
Wheels and tyres
Valeting

This course is assessed through a range of activities, such as written and practical examinations. Upon completion, you'll gain:

Entry Level 3 in Vehicle Maintenance and Repair
Appropriate supporting qualifications to broaden your skill set and meet the needs of industry
Skills Activities

[Maths and English](#)

What is expected of me?

No formal qualifications are required, but you must have a genuine interest in vehicle technology. A basic grasp of mechanical and electrical engineering skills would also be an advantage.

Full commitment to attendance is required, as is the ability to work independently and as part of a team. You'll be expected to abide by the college ethos and be willing to participate in improving your level of academic subjects.

What comes next?

Level 1 Diploma in Light Vehicle Maintenance or an Apprenticeship.
