

CompTIA IT Fundamentals (ITF+)

In a nutshell

CompTIA are a vendor-neutral, independent source of information on a wide range of technology topics, including cybersecurity; education, training and certification of the global tech workforce; new and emerging technologies; legislation and policies affecting the industry and workforce data, development and trends.

This course will help you to decide if a career in IT is the right choice for you, while helping you to develop a broader understanding of the sector, making it ideal for non-technical professionals.

This course is available as part of a Personal Learning Account (PLA). PLA is an initiative from the Welsh Government which offers people the chance to access free, part-time courses with flexible and convenient learning that fits around their existing lifestyle (subject to eligibility).

This course is for...

... anyone aged 19+, living in Wales and in employment. The normal salary limit of £32,371 does not apply to this course.

COURSE INFORMATION LEAFLET

... those looking to develop a good knowledge and build a foundation in IT

Course content

This course is delivered by virtual classroom. Virtual classrooms are equivalent to face-to-face classroom courses, but delivered in an online environment.

Course Duration: 3 days

The CompTIA IT Fundamentals+ course provides fundamental, basic IT skills and knowledge, and creates an entry point into further, more advanced, CompTIA certifications such as A+, Network+ and Security+.

Throughout the course you will cover the following topics:

- IT Concepts & Terminology
- Infrastructure
- Applications & Software
- Software Development
- Database Fundamentals
- Security

Entry Requirements

The CompTIA ITF+ certification has no formal prerequisites. However, some experience with using a keyboard and mouse would be helpful but is not essential.

Additional information

The PLA programme intends to provide quality career advice and guidance to participants before, during and after their learning.

Prior to being enrolled onto your PLA funded course, a individual learning plan will be discussed with you to ensure that the right learning has been considered.

This will include a general discussion on the following topics:

formal education or qualifications in related fields

Apply online at www.coleggwent.ac.uk
