

## BTEC Diploma in Creative Media Skills Level 2

### In a nutshell

This course introduces you to the skills required by the various media industries.

### This course is for you if...

- ... You are creative
- ... You want a career involving technology
- ... You're hardworking and self-motivated

### What will I be doing?

This course is suitable for anyone who wants to work in a creative job involving technology and to progress to a Level 3 course in a related subject area (e.g. creative media, interactive media, games design, graphics or photography).

## COURSE INFORMATION LEAFLET

You'll build your understanding and practical abilities in a variety of processes and software and will complete a range of practical assignments. You'll work independently and as a part of a team for practical assignments.

You'll have access to the latest Apple Mac computers and Adobe Creative Cloud software, along with excellent up-to-date facilities.

Media modules include:

- Website Design
- Animation Production
- Photography
- Audio/Visual Production
- 2D Games Design
- Analyzing a Media Product

You'll be assessed through research and analysis, written work, creative design, use of technology, problem solving, and evaluation. Upon completion, you'll gain:

OCR Cambridge Technical Diploma in Media Level 2

Appropriate supporting qualifications to broaden your skill set and meet the needs of industry
