

City & Guilds Diploma in Light Vehicle Maintenance and Repair Principles Level 3

In a nutshell

This is an in-depth Level 3 VRQ Vehicle Maintenance and Repair course.

This course is for you if...

- ...You wish to further your capabilities and knowledge
- ... You have a keen interest in automotive engineering
- ... You already work in the motor vehicle industry

What will I be doing?

This course is a technical certificate to enhance your Level 2 knowledge or for those already working within the motor vehicle industry who want to further their knowledge in both diagnostics and repair of vehicle systems, covering engine, chassis and engine management.

COURSE INFORMATION LEAFLET

You'll be assessed via internal practical and online assessments. Upon completion, you'll gain:

Level 3 Automotive Engineering

Appropriate supporting qualification/s where applicable to tailor the programme content to meet specific needs of the community, learner or industry.

[Skills Activities](#)

[Maths and English](#)

What is expected of me?

Level 2 Diploma in Light Vehicle Maintenance and successful completion of GCSE Maths and English to C Grade.

What comes next?

Higher Education or an apprenticeship.

Additional information

You'll need to purchase appropriate Personal Protective Equipment (PPE) at an approximate cost of £40.00 and will also need to supply your own stationery.
