

Agored Cymru Diploma in Access to Higher Education (Health Care) Level 3

In a nutshell

This course is ideal if you want to progress on to Higher Education (HE) and into a healthcare profession. It provides a fast-track route (1 year) and gives you the opportunity to study on a healthcare related degree course.

This course is for you if...

- ...you'd like to go to university but left school without the qualifications you need.
- ...you want to prepare for study at university level.
- ...you have a passion for health-related studies and careers.
- ...if you are returning to education and or are in employment and wish to upskill.

What will I be doing?

COURSE INFORMATION LEAFLET

This course will prepare you for further health-related study. You will also gain skills such as time management, teamwork, communication skills and develop research study skills to help you in your future studies.

A range of units could include the following;

- Communications
- Numeracy
- Sociology
- Science
- Health Studies
- Psychology
- Anatomy & Physiology

This is assessed via Internal Formal Assessments. You will undertake a range of assessment criteria via assignments, internal time constraint exams, oral presentations, practical tasks and an extended essay. You'll achieve the Agored Cymru Access to HE - Healthcare Diploma which will hold UCAS points.

What is expected of me?

GCSE English and Maths at Grade C or above is desirable. Learners without qualifications will be required to undertake Numeracy and Literacy assessment and achieve Level 2 as a minimum. This is an intensive course which requires a high level of commitment and dedication. Applicants will be expected to attend all sessions and undertake significant independent study.

Respect for others, enthusiasm for the subject and self-motivation are the essential qualities we expect to see in all our learners. All assignments must be successfully completed in order to achieve the qualification.

What comes next?

Higher Education in areas such as nursing, paramedics, dental hygienist, dietician, midwifery and speech therapy.
